Background: Canada's commercial seal hunt is the largest and most brutal slaughter of marine mammals on Earth. Each year hundreds of thousands of seal pups are clubbed and/or shot to death off Canada's East Coast. To date, over 5,000 restaurants and grocery stores have joined the ProtectSeals campaign. Through it, the HSI seeks to convince Canadian fishing communities to end their support for and participation in the seal hunt. Until Canada's fishing industry ends its support for and engagement in the commercial seal hunt, ProtectSeals boycott participants pledge to reduce or entirely avoid sale of Canadian seafood.
